3) Creating a bespoke questionnaire

In addition to the standardised Bar Council questionnaire (the details of which are contained within the <u>Sample Application Form</u> contained under Annex 2 of this User Guide), Authorised Education and Training Organisations that use the Pupillage Gateway to manage their respective recruitment processes can ask candidates to respond to up to seven bespoke questions as part of their application.

To create your bespoke questionnaire, select 'Questionnaires' from the 'Pupillage Vacancies' dropdown box contained within the main navigation bar of the Pupillage Gateway.

Click on the edit symbol next to the questionnaire entitled 'AETO Application Questions – [Name of Chambers]'.

.

Top tip: The edit symbol for the Pupillage Gateway looks like a pencil.

To add your bespoke questions to the form, delete the text contained with the 'Question' text box and replacing it with your own.

You can include a maximum word count by selecting 'Min/Max Word'. You will be required to enter the minimum and maximum number of words that you will allow candidates to use in their responses, using the 'Min Word' and 'Max Word' free text boxes.

Please contact the Bar Council Services Team at <u>pupillagegateway@barcouncil.org.uk</u> to add additional Users (using the

<u>AETO User Information Form</u> at Annex 1 of this User Guide) or request that existing Users be deleted or deactivated.

Job Setup Section 5: Candidate Processing

In this section, you can choose how you would like to process your applications. If you would like to do so anonymously, then select the tick box next to 'Enable anonymous CV sending' and leave the 'Enable anonymous candidates through ATS processes' tick box checked when it then appears.

To select the type of anonymisation you require, use the 'Anonymous Policies' dropdown menu. 'Personal Details' will simply remove the candidates' names and contact details from the application form. 'Personal Details and Institution' will

remove the same details, plus the names of the academic institutions that the candidates have attended. The 'System Default' option will remove all of the above, plus the names of the organisations that applicants have worked for and the dates associated with their education, employment and work experience histories.

Top tip: The Bar Council's <u>Fair Recruitment Guide</u> states that: "...any Authorised Education and Training Organisations... anonymise copies of the original applications by removing candidates' details such as name, address and perhaps even the names of school, college or university. Removing the names of the school, college or university where they studied will help to reduce the risk of unconscious bias."

If you would like to use the Pupillage Gateway to manage your interview process, then select 'Interview workflow' from the 'Interview workflow' dropdown menu under the 'Interview Stage' heading. If you do not wish to do so, then select 'External Interviews' instead.

After you have uploaded your logo, complete the 'Single Description (External)' section. You do not need to enter any information in the 'Single Description (Internal)' textbox.

Note: All the text included can be overwritten and none of it is therefore mandatory. However, we suggest that you use the headings that the Bar Council has set out to ensure that the advertisements are uniform. We also ask that you keep the 'How to Apply' text' and simply add your bespoke questions against the relevant numbered bullet points, following by the maximum number of words or characters that you are allowing applicants in respect of each question.

Top tip: You can use the 'More Rich Media' button, which appears in the top menu of the 'Single Description (External)' box to add images and YouTube or Vimeo videos to your advertisement.

Upload any documents that might be relevant to your vacancy, such as your Pupillage Policy, using the 'Upload Documents' > 'Upload Files' button at the bottom of the page. Once you have pressed 'Upload File' and selected the relevant document, you will be asked to add a description of it and then confirm your selection by clicking the 'Finish Uploading' button beneath.

Otherwise, click 'Next' and it will take you to the 'Job Authorisation' section.

5) Viewing a live advertisement

Once the Bar Council Services Team has authorised your advertisement and depending on when it is posted in relation to the mandatory recruitment timetable, it will appear in 'Upcoming Jobs', 'Active Jobs', or 'Expired Jobs' of the 'View Vacancies List' option contained within the 'Pupillage Vacancies' dropdown menu on the main navigation bar. If it has been successfully authorised, the padlock icon next to it will have turned from red to green.

6) Amending a live advertisement

You can amend advertisements once authorised using the edit symbol that appears to the right-hand side of the relevant vacancy title. However, it is strongly recommended that you do not do so without the prior knowledge of the Bar Council.

Please do not make any edits once the application window opens as this could affect existing applicants and result in the operation of an unfair recruitment process by your Authorised Education and Training Organisation.

7) Creating panels to shortlist, processing applications, and emailing candidates

To view the applications that you have received, log in to the Pupillage Gateway, scroll down to 'Jobs', select 'My Expired Jobs Post' and you will see the number of interested 'Applicants', the number of applications 'Submitted', and if you have started the shortlisting process, the number of applications that you have moved from 'Submitted' to 'In-Review'.

| | My Active Job Posts My Expired Job Posts | |

Note: You will not be able to view the applications until, at the latest, the time and date advertised on the Pupillage Gateway timetable. The Bar Council Services Team will email you when they are able to release them to you.

To start processing the applications, click on the title of the vacancy. The number of application that you have received will appear under 'New Applicants' and the full list of names will appear directly beneath. You can sort them by either first name, which is how they will originally appear, or by 'Surname' by clicking on the 'Sort by' dropdown box and then selecting 'Surname' from the bottom of the list.

Alternatively, if you go to the pupillage Vacancy tab and select 'view all vacancies' you can click on submitted.

To download a CSV list of your applicants, click on the 'Download List' button that appears to the right-hand side of the page, beneath the chevroned stages bar.

Top tip: The 'Download List' can be particularly helpful for those Authorised Education and Training Organisations that are not planning to use the Pupillage Gateway to contact their applicants, or that want to have their candidates' mobile numbers to hand on interview days. The function can be used at any time, and in relation to candidates that have been grouped within any 'Status'.

If you do not want the candidates to book their own interview times, you can assign them a slot on a per applicant basis. Follow the instructions above to 'Create a Single Interview' slot or 'Create Bulk Interviews', return to your 'Dashboard' and select the relevant advertisement from the list of vacancies in the 'Jobs' widget. When the vacancy opens, select the candidates that you would like to invite to interview from whichever status they currently reside in, then select 'Options' and 'Confirmation of Interview'.

When the 'Confirmation of interview' pop-up notification appears, toggle on the stage that you have just created interviews for and check that the number of slots listed is the number that you require. Otherwise, you can use the '+Add new interview slot' button to change the 'Create a Single Interview' slot or 'Create Bulk Interviews' form you will have just completed.

Once you are happy with the interview details, you can select the name(s) of the applicant(s) that you would like to join you at the time specified using the 'Please Select' dropdown box. Once you have done so, their name will appear beneath the relevant date and time, and you can remove it using the 'X' button.

Note: The Bar Council does not recommend using the 'Just Book' or 'Book interview only' functionality in this instance as it will automatically move the candidates to the 'Interview' status and the lack of accompanying information contained within the 'Confirm booking by email' > 'Book interview and send email' template email is likely to cause confusion.

9) Changing interviews through the platform

You cannot cancel an applicant's interview slot on the Pupillage Gateway, but you can edit it to in your 'Dashboard' and select the relevant advertisement from the list of vacancies in the 'Jobs' widget. Go to the applicants in 'Interview', hover over the name of the relevant candidate, and select 'Interview' from the box that appears.

When the 'Confirmation of interview' pop-up notification appears, toggle on the relevant interview stage, followed by the interview date and/or time that you are changing the candidate to.

If the date and/or time that you are seeking to change them to isn't available, then it will have either been allocated to, or taken by, another candidate. To create an additional interview slot, use the '+Add new interview slot' button.

10) Making offers to applicants

Unlike the previous version of the Pupillage Gateway, you cannot use this version to set up your offers in advance of the advertised date. To give you sufficient time to carry out the relevant process, we have altered the time that you may make offers from 09:00 to 09:30.

To make an offer of pupillage through the platform, go to your 'Dashboard' and select the relevant advertisement from the list of vacancies in the 'Jobs' widget. When the vacancy opens, go to the applicants in 'Interview', select the names of the candidates that you would like to make an offer to, and then select 'Offer job – noncontract generation' from the 'Options' dropdown box.

If you choose the latter, you can edit the template email beforehand, noting that it will send immediately to the number of candidates show in the top right-hand corner. If you choose the former, the applicants will not receive an email and you can instead use the 'Email' option described under section 7 above to contact them separately.

Alternatively, you can contact them by phone or using your business email account, using the contact details contained within the CSV list of your applicants, which you access by clicking on the 'Download List' button that appears to the right-hand side of the page, beneath the chevroned stages bar.

Once you have selected the 'Offer job only' or 'Offer job and send email' option, the candidate will be moved to the 'Offered' status. When they have accepted your offer, you can 'Mark [them] as accepted' using the 'Options' dropdown menu.

11) Contacting referees

You are not able to contact referees using the Pupillage Gateway, but you can obtain their contact details by downloading a CSV list of relevant applicants using the 'Download List' button that appears to the right-hand side of the page, beneath the chevroned stages bar.

The referee contact details can be found under columns AL (Reference 1 Name) AN (Reference 1 Email Address), AP (Reference 2 Name) and AR (Reference 2 Email Address).

12) Viewing an applicant's history

For auditing or troubleshooting purposes it may be necessary to check the history of actions carried out by your Authorised Education and Training Organisation in relation to a specific candidate e.g. the 'Status(es)' they have been moved to and when, and any communications that have been sent to them through the Pupillage Gateway.

To view an applicant's history, go to your 'Dashboard' and select the relevant advertisement from the list of vacancies in the 'Jobs' widget. When the vacancy opens, click the list button entitled 'ATS Activity Log' in the top right-hand corner, next to the 'Search by name' search box.

The 'ATS Activity Log' pop-up box will appear, and you can use the box in the top right-hand corner to search by an applicant's name. Alternatively, you can filter the results using the 'Start Date', 'End Date' and 'Filter by Recruiter' options contained within the main navigation menu of the pop-up box.

The results of your search will include the time and date of the relevant action, the name of the Recruitment Administrator (or 'Hiring Manager') responsible it, the name or number of the candidate to whom the action applied, and what the action was. You can also view any emails associated with a specific action by selecting the 'View Email' button that will appear beneath the description of the action taken.

13) Viewing equal opportunities monitoring reports

To view the equal opportunities monitoring report for your advertisement, go to your 'Dashboard' and select the relevant advertisement from the list of vacancies in the 'Jobs' widget. When the vacancy opens, click 'Reporting' in the main navigation board and select 'Insights'.

A new window will open, and you will need to login using your Pupillage Gateway account details. Accessing 'Insights' involves a two-factor authorisation process, and you will therefore also need to follow the instructions for generating a code using your mobile device, or for one to be sent to your email address.

Once you have logged on to 'Insights' use the dropdown 'Diversity' button contained within the right-hand menu to view the equal opportunities monitoring reports relevant to your Authorised and Education Training Organisation.

If you select 'Application', followed by 'Overview by Status', you will be able to view the percentage of candidates that have answered any given question contained within the Equal Opportunities Monitoring questionnaire, split by the status(es) that they have been moved to. This information is real time so by the end of the process you should see only those in 'Rejected', 'Withdrawn', or 'Hired'.

For example, in the screenshot above, when asked to categorise their age group, 20% of applicants responded with "Prefer Not to Say", 40% responded with "25 - 34", and a further 40% responded with "20 - 24".

If you hover your mouse over each of the bars in a chart, you will also be able to view the number of candidates within the relevant status that have answered any given question contained within the Equal Opportunities Monitoring questionnaire.

For example, in the screenshot above, when asked to categorise their age group, two interviewees responded with "20 - 24", two with "25 - 34" and one with "55 - 64".

Top tip: After the Pupillage Gateway timetable has come to an end, the Bar Council will circulate similar reports containing the aggregated data for all of the candidates that have made an application in the same period and for those candidates that made at least one application to Authorised and Education Training Organisations with the following specialisms: 'Chancery'; and

'Commercial'; and 'Crime'; and 'Family'; and 'General Civil'; and 'Mixed Practice'.

To download this information as a CSV file, instead of selecting 'Overview by Status' under 'Application', select 'Summary (all time)'.

We would suggest that those individuals who can see data of this nature needs to be extremely limited and password protected. Some chambers will only have one or two members of staff (the Recruitment Administrator and/or Diversity Data Officer, noting that they can be one and the same) with access to this type of data. If you are planning to store the information outside of Insights, then you should do so either in an anonymised and aggregated format, or by candidate number (and not candidate name).

The Authorised Education and Training Organisations that use the system to manage their recruitment processes are able to include up to seven bespoke questions in their application forms. Ahead of the <u>opening of the application window</u>, these questions will be accessible through their advertisements and included under the 'How to Apply' section.

Section 8: Equal Opportunities Monitoring

The information contained within the Equal Opportunities Monitoring section will be treated in the strictest confidence and will be used by the Bar Council for the purposes of statistical monitoring only. All Authorised Education and Training Organisations that use the Pupillage Gateway to facilitate their respective recruitment processes can conduct the shortlisting and interview stages without reference to this information, as it is automatically separated from candidates' applications.

The Bar Council and its members are committed to equal opportunities for all, irrespective of race, colour, creed, ethnic or national origins, gender, marital status, sexuality, disability, or age. So that we can monitor how we are performing against our strategic aim for improving equality and diversity at the Bar, we are seeking your help. To that end, it would be of great assistance if you would complete the monitoring form that will appear at Section 7 of your application.

Section 9: Application Summary and Agreements

- I confirm that my application is valid and that it contains only information that I honestly believe to be true and accurate. I understand that if I knowingly submit false information as part of my application, I will be asked to withdraw from this year's pupillage recruitment process and that I shall do so and may also be under an obligation to report the misconduct to the Bar Standards Board.
- ✓ I understand that my application must be my sole creation and original work, and that I am not permitted to use any Generative AI programmes, including Large Language Model (LLM) Programmes like ChatGPT, to write any of the responses contained within it. I confirm that this is the case and understand that any application which has been written with the use of any generative AI LLMs like ChatGPT or any similar programme will be excluded from the shortlisting process of the relevant Authorised Education and Training Organisation.
- Please note that you will not be able to edit the answers to your application questionnaires once it has been submitted. Furthermore, if you withdraw it after it has been submitted you will not be able to submit a replacement application, even if you are still acting within the relevant application window.
- ✓ I confirm that my application is valid and that I have read and agree to abide by the Terms and Conditions of the Pupillage Gateway. Furthermore, I give my consent for any 'special category' personal data that I have chosen to provide being processed in accordance with them.

Annex 3: Editable Email Templates

Editable Bar Council Template Emails

The Pupillage Gateway does not send any emails automatically (other than those relating to, for example, welcome and account deletion confirmation emails) and you can draft your own, but at specific stages you will be given the option to use a template email that the Bar Council has drafted for you to communicate with your applicants. If you don't like our suggested text, you can edit it before you send it, or delete the entire thing and insert your own.

Below is a list of the template emails that you will see appear whilst managing your recruitment process and the prompts that you can use as part of your mail merge, if you choose to edit them.

Annex 4: Anonymising your Rare Recruitment Report

Anonymising your Rare Recruitment Report Guidance Note

Introduction

Since candidates are no longer able to view their unique ID or application numbers through the Pupillage Gateway, the Bar Council has been working with Rare Recruitment to find an alternative method for anonymising the contextual recruitment report that you receive from them following the closure of the application window.

Instead of requesting that candidates use their unique ID or application numbers as their identifier, Rare Recruitment is now asking them to use their first and last names, and email addresses. To that end, the report that you receive from them in the first instance will contain these personal details and, if you wish to use them on an anonymised basis during your shortlisting process, you will need to replace them with the ID number that you have access to through your Recruitment Administrator account on the Pupillage Gateway. This Guidance Note is designed to help you successfully complete this process.

Guidance

Log into your Pupillage Gateway account and click 'Download List ' in the right hand side.

Once you have filtered both documents, copy and paste the 'Email Address' column (F) in the Rare Recruitment CSV to column to the empty column 'E' in the Pupillage Gateway CSV.

Highlight the contents of both columns and then select 'Conditional Formatting', followed by 'Highlight Cells Rules' and 'Duplicate Values' from the 'Home' menu. When the 'Format cells that contain' column appears, select 'OK'.

If you would like to, you can now use the two spreadsheets to spot-check that the candidates in the Rare Recruitment CSV now have the correct 'Candidate ID' next to their names. Once you have done so, highlight the 'First Name' column (E), 'Last Name' column (F) and 'Email Address' column (G), right-click and select 'Delete'. Your contextual recruitment report from Rare Recruitment is now anonymised.
